SCORING SHEET

Thanks for downloading the Age of Sigmar Scoring Sheet! This sheet was created so you can more easily score your games of Age of Sigmar third edition. It is best used in conjunction with our Age of Sigmar Reference Sheet. We stole some ideas from *The General's Handbook*, The Honest Wargamer, Frontline Gaming, and other tournament organizers to make the best scoring sheet possible.

USING THIS SHEET

The sheet is best used when printed, laminated, and filled out with a dry erase marker. There is a low-fi version that tournament organizers can cheaply photocopy for players to fill it out with a pen or pencil and turn it in at the end of each round of an event. The sheet has space to track additional information if a tournament organizer is giving out milestone awards at the end of an event (i.e. a Monster Slayer award for most monsters slain) or if you want to record additional data that occurred during your games.

This sheet was created by the Austin Weirdnobz. Any questions, suggestions, or corrections send an email to: bignob@weirdnobz.com You can download additional game aids from our website at: www.weirdnobz.com/game-aids
